

Dear ARM Nursery Customer,

Collection of rootling's is only available on **MONDAYS between 8am and 1pm. This is strictly by appointment only!**

A map is attached showing the cool store location at 830 Kalorup Road, Jindong.

Please note the cool store is not a retail operation and other users of the facility storing high value stock limits the times of access to ensure site security and safety. For this reason, collections are strictly for a single opening and only at the time of your appointment.

You must contact Steve Partridge (0429 77 2221) prior to the Friday before pick up. This is to allow time for preparation of the order and to ensure final checks are completed.

Please ensure that all supply contracts, non-propagation agreements have been fully signed and returned and final invoice paid, to allow the release of vines for collection.

Collection times are **Mondays ONLY between 8am and 1pm.** If you have made arrangements for collection and cannot attend, please phone Steve and let him know.

Cool storage charges are for a once only opening. All material ordered must be collected during this opening. An additional fee of \$100 (payable in advance) per extra opening will be charged.

Cool storage has been charged until the 30 November each year. If vine material is not collected by this date additional costs will be incurred.

Regards

Steve Partridge
Managing Director
